"PREPARED BY AND FOR THE CAST OF WALT DISNEY WORLD"

OCTOBER 5, 1979

EPCOT GROUNDBREAKING... AND WE'RE ON OUR WAY!

Construction began this week on EPCOT Center with the official "land-filling" held on Monday, October 1. Our new \$800 million EPCOT Center is scheduled to open on October 1, 1982, at 9:02 a.m. according to **Card Walker**, President and Chief Executive Officer of Walt Disney Productions. Card jokingly told the group gathered to witness this historic event that opening at 9:02 a.m. gave **Dick Nunis**, Executive Vice-President of Walt Disney World an extra two minutes to have things operating smoothly.

EPCOT Center with its two major themed areas — Future World and World Showcase — will be a unique blending of technology, communication, and entertainment.

Four Florida Governors, whose terms of office cover the entire life span of Walt Disney World from the planning and construction period through the first eight years of operation, took part in the ceremonies designed to demonstrate the vast scope of our second phase of development which is nearly double the size of our Magic Kingdom theme park.

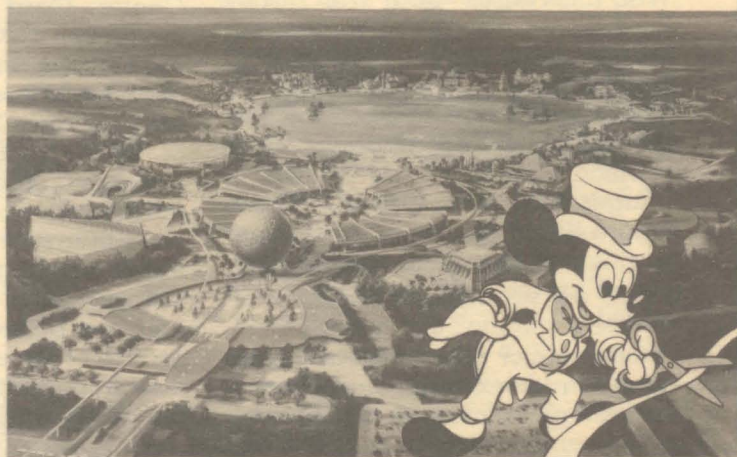

Former Governors Haydon Burns, Claude Kirk, and Reubin Askew along with current Governor Bob Graham assisted Card Walker with the "thumbs up" to sound the whistle to dump 40 cubic yards of earth in just 19 seconds signifying construction was under-way.

A huge, shimmering golden globe over 178 feet high was suspended from construction cranes to illustrate the dramatic structure that will house Spaceship Earth, which will be EPCOT Center's theme show and will visually dominate the project in the same way Cinderella Castle acts as a landmark in the Magic Kingdom.

One of the world's largest earth haulers, a 40-ton Terex truck from General Motors, was used to deliver the first load of earth as the dignitaries and invited guests looked on.

General Motors is one of the major U.S. corporations which will be sponsoring individual themed areas in Future World.

Each area will contain pavilions which will be entertaining, as well as informative, as they carry forward the aims of EPCOT — the Experimental Prototype Community of Tomorrow — in helping guests understand the alternatives, options, and "visions of the future."

In addition to General Motors participation in Transportation, contracts have been signed for pavilions to be presented by Exxon, for Energy; Kraft, for Land; while discussions are still in progress regarding conceptual and contractual details for sponsorship by General Electric, for Science and Invention; AT & T, for Spaceship Earth; and the Coca-Cola Company, for cosponsorship of The American Adventure. Additionally, WED Enterprises — our Walt Disney Productions subsidiary responsible for the development, design, and construction of EPCOT Center — is creating, in conjunction with another leading U.S. corporation, a major pavilion themed on the concept of Images and Imagination. "These Future World pavilions and another pavilion of The Seas will be completed for the 1982 opening," Card added.

Other major themed areas will be added in later construction phases, including Life & Health and Space.

EPCOT Center will also feature the Future World Mall, a "Main Street" where concepts and technologies of tomorrow will be presented as a hands-on experience for visitors.

Acting as host to the World Showcase "Community of Nations," will be The American Adventure. Other pavilions will represent the history, the culture, the food, the merchandise, the tourism potential, and the peoples of: Mexico, Canada, Japan, Germany, Morocco, United Kingdom, France, Costa Rica, Italy, and Africa, which will be a joint presentation of Senegal, Liberia, and the Ivory Coast.

The pavilions of World Showcase represent a combination of government and private sector participation.

Further commenting on EPCOT Center, Card said, "We take this major step forward for Walt Disney Productions with great confidence. We have looked carefully, even minutely, at not only the creative aspects of EPCOT Center, but also the economic, the business, and the marketing potentials. And, now more than ever before, we know that this is a right and necessary step in the growth of Walt Disney World and, we believe, in the continuing growth of the state of Florida as the most important tourist destination in the whole world."

CAST ACTIVITIES

NEWS

MANY PROGRAMS FILLING FAST . . . NOW IS YOUR TIME TO JOIN THEM

With the cooler fall months approaching, bringing with them a slowdown in summer's activities, many cast members are turning to Cast Activities' fall lineup of programs and trips to fill in their calendars. And signing up they are, as rosters on many of our favorite activities are fast approaching the full mark. So now is the time for you to make your move and join in one of our many programs.

Here are a few programs with room still available:

CAST CHOIR TO PRESENT FOUR PERFORMANCES

Our 1979 Cast Choir is your chance to spend several months practicing and four evenings performing before an audience of thousands, in the Theme Park backdropped by the castle with a full orchestra below and at Walt Disney World Village in Lake Buena Vista, as part of their tree lighting ceremonies.

And Cast Activities is **now accepting** applications for this year's Cast Choir. The first 120 applicants will be accepted, with others being placed on a waiting list. The choir is open to all Disney cast members and their immediate families only. There is a \$2 per-person fee to cover certain choir-related items, payable in Cast Activities when signing up.

This year's Candlelight Processional has been moved to the Castle Forecourt, with the Living Christmas Tree (made up of the Cast Choir) positioned above the orchestra and 1,500-member mass choir assembled to celebrate the story of Christmas. Choir members on the high-rise Living Christmas Tree will be in special costumes to depict a living tree which leads in the evening's choral arrangements.

As of this writing, all rehearsals will be on Wednesday evenings at the Parade Production Building from 7 p.m. till 9 p.m. And please note that you must attend a majority of these rehearsals in order to participate in the various ceremonies. If your schedule will not allow this, then please do not sign up and prevent other cast members from participating.

Applications to join this year's Cast Choir are now available in Cast Activities and the LBV Cast Activities office. Signups are on a first-come-first-serve basis. Call **Dent Thompson** in Cast Activities at 824-4254, if you have any questions.

It has been designed as a fun-filled event, complete with demonstrations by our Walt Disney World chefs, an awards ceremony, and a bake sale.

There will be nine categories in this year's event. You may enter one or all nine categories, and enter with as many different items as you wish! The categories include:

CHRISTIAN FELLOWSHIP SHOWING MOVIE OCTOBER 11

Our Christian Fellowship group will be showing the motion picture *The Cross and the Switchblade* on **Thursday, October 11**, at 7 p.m. in the Pacific Room at the Contemporary Resort Hotel. The film stars Pat Boone. Admission is just 50 cents per person and all Disney cast members, family, and friends are invited.

WATER SKI CLUB CLOSED FOR REHAB

The Water Ski Club, operating out of our Little Lake Bryan facility, will be closed now through October 19th for an end-of-summer maintenance and rehab program. The club will re-open its operation on **Saturday, October 20th**, and ski until cold weather forces its closing.

Any cast member holding a valid ski club ticket should use it once the club re-opens as all tickets are voided once the club closes for the winter, expected to be sometime in December.

New drivers are also needed! The Water Ski Club lost many of their drivers when they went back to school in early September, so new drivers will be recruited and trained during this "down" period. Anyone (including current divers) interested in spending a morning or afternoon driving the club's powerful ski boat should stop by Cast Activities and fill out a driver's application. The club will then get in touch with you.

Have any questions? Check with **Dent Thompson** in Cast Activities at 824-4254.
